PENDLETON FARMERS' MARKET 2011 PRODUCT DEVIATION FORM

In an effort to maintain a well-rounded farmers' market with ample selection for our shoppers, the Pendleton Farmers' Market (PFM) will issue a deviation form for vendors to use when necessary. Our Market Philosophy is to be as close to 100% "Make It, Bake It or Grow It" as possible. If you would like to supplement your product inventory with product grown by a neighboring New York State farmer, please fill out this application for consideration and approval to sell. The PFM Management Team will review each request and make a determination based upon other farmers' crop plans. Farmers growing like product will take precedence over supplemented items. Forms will be available throughout the season. It is the responsibility of the farm vendor to update his/her Product Deviation Form.

_____ _____

Farmer/Vendor (please print) Date

Deviation Items	Farmer Grown By: (Name, Address & Phone)	Start Date	Sell for How Long?	Approved? Yes/No
