7346 Liberty Drive
Niagara Falls, NY 14304

Re: Town of Pendleton
Request Connection to NCSD No. 1 Manhole #12-18
Craig D'Angelo Single Family Residential Home

Honorable Board Members:

The Town of Pendleton respectfully requests approval to construct one six inch diameter core-drilled connection to Niagara County Sewer District Manhole No. 12-18 as shown on the attached Preliminary Drawing.

The tap will provide service for a proposed single family residential home for parcel SBL#164.00-3-2 on Beach Ridge Road (between House #4195 and #4219). The sewer lateral will run from the rear of the house north around the proposed pond to connect with the NCSD manhole. The Niagara County Sewer District manhole is located approximately 900 ft northwest of Beach Ridge Road behind House #4231. A Building Permit for the sewer tap will be issued to the homeowner upon County approval of the connection. Specific conditions of the NCSD Approval shall be made part of the Building Permit.

Thank you for the consideration of the Town's request.

Sincerely,

James Riester
Town Supervisor

Cc: Thomas W. Blodgett, P.E., Administrative Director NCSD No. 1
Dave Gerber, Building Inspector
James Argo, Water and Sewer Superintendent
