

Moving Forward : Pipeline & Compressor Stations in our Community

**Workshop Meeting
Wednesday April 27th
7pm
Pendleton Town Hall**

co-sponsored by Clean Air Council, Energy Justice Network, and Pendleton Action Team.

Description draft: "This presentation, based on experience in Pennsylvania, will introduce participants to pipeline and compressor station issues and organizing strategies including: regulatory issues, air monitoring, landowner outreach, building a campaign, and community organizing. It will be co-sponsored by Clean Air Council, Energy Justice Network, and Pendleton Action Team."

Here is a slideshow I will tailor for Northern Access:

<http://energyjusticesummer.org/butler-county-pipeline-slideshow/>

Here is the organizing guide I'll also tailor as a handout for the meeting to include landowner organizing issues:
