

In attendance: Beatrice Mattina, Mike Argentero, Mark Ruppert, Chris Frey, Charlie Langlois, Eileen Czarnecki, Chris Frey, and Karen Zernhelt-Wolf

AGENDA

1. Nine Mile Island- Today we started our meeting with a tour of Nine Mile Island. Ranger Bob Reynolds was told we would be visiting and he cut a path through the grass so we could walk around. We walked around the island and along the trails where vegetation was wildly growing. We noticed shelters and restrooms were available on the property. We did some research but more needs to be done if we hope to be able to utilize this property in the future.
2. Tennis Courts- Calls will be placed to get information and pricing to pave and paint the basketball and tennis courts at the park.
3. Summer Recreation- Field trips, registration, Health Department paperwork, and hiring staff for the program are all in progress as the program runs from July 2 to August 10. Beatrice Mattina is the Recreation Director and will be onsite during the program.
4. Basketball- We have looked into adding the basketball hoops on the opposite sides of the court at the park but the court is too short so we are back to the drawing board.
5. Kayak launch- We are looking into where we may have one near the bike trail.
6. The rock near Depeau Park may possibly be moved to the bike path entrance.

Our next meeting will be Monday, September 17, 2018.
