End of Month Report

September

For the month of September, 2019, we had the following statistics for the Building Department.

1. 28 Building Permits were issued for projects.
2. 9 Contractor Licenses were issued.
3. 26 Building Permits have been completed.
4. 44 Visual inspections/meetings were conducted on site for various projects.
5. 7 Violations were sent with 7 still outstanding to date, 14 Open Complaints, with 5 closed, and 2 residents in court for various infractions of which 1 is still pending and 1 with a disposition filed.

For the month of September, we started to begin work on a revised Permit fee schedule. We hope to have something for the Board to look at in December. Also, we are anticipating a slight increase in issuing permits due to the rollout of the new building codes sometime in January.
