Pendleton Town Board

Greetings,

It's been a few months since we have been able to meet in the same room but that doesn't mean "The Virus" is gone. Still wearing a mask in public and keeping a safe distance apart is necessary for continued progress against this invisible plague.

Daily operations are adjusting to the new normal, things are moving a little slower, there are fewer homeowner interactions to deal with but we have been catching up on the work that was pushed aside during the shutdown. The County RPS & ORPTS are still in lockdown mode where phone calls and emails are the only means of contact because site visits are not allowed. No word on when those restrictions will be amended.

We had a few computer glitches that affected the final roll and steps are being made to correct those minor hiccups. Looking at building permits, building plans and sketches so I hope to get on the road to continue updating photos while doing the usual roadwork.

Ron Diedrich, Joe Follendorf, Kim Frey and I are formulating a plan for utilizing the office space in a social distancing safe manner along with an adjusted work procedure if a communicable disease mandate is issued.
