Town Hall

In attendance: Beatrice Mattina, Nicole Welka, David Leible, Chris Frey, David Fischer, and Mike Argentieri

AGENDA

1. James Carmen from WNY Disk Golf joined our meeting to discuss the popularity of disk golf and how we may wish to set up an area in our parks for this sport. It is inexpensive and family friendly. The course would be relatively easy to maintain and would be able to be small or large (up to 20 acres). There are other parks like Bond's Lake and Outwater who have disk golf courses. To make a 9 hole course it would cost roughly \$3500. We would have to discuss if this would be possible and where it may be set up.
2. Bocce courts have been started but they are not complete. We discussed who we need to speak with to find out what needs to be done so it may be finished since members of the community are reaching out wishing to utilize the courts. Dave Lieble will follow up on what needs to be done to finish the courts. We will have it posted on the website when the courts are complete.
3. Basketball nets need replacement. Bea Mattina will order new nets.
4. An email came in discussing a dog park. It has been brought up before and it was determined that we live in a rural area where most people have room for their dogs to exercise. We also have access to many trails that people may walk their dogs on. Therefore, we are not interested in using our park space in this capacity.
5. Baseball started and it seems to be going well.
6. The Mason's Mission waterpark/splash pad is going to be a topic of discussion at the next town board work session. We have many questions regarding the placement of the splash pad and what maintenance and upkeep will be required.
7. Nine Mile Island was discussed as a possible place for a kayak launch. It also may be a good place for disk golf. Dave Fischer will follow up on some questions regarding Nine Mile Island.
8. Baseball- Teams have been submitting proof of insurance and working with the Town Garage to schedule use of baseball diamonds.

Our next meeting will be Monday June 21, 2021 at 7 pm.
