

In attendance: Beatrice Mattina and Nicole Welka

AGENDA

Note: A reminder email was sent to all members of the committee but it may not have been received by them. That will be checked up on.

1. Recreation Members: Nicole proof read the thank you letter written to Chris Frey thanking him for years of service.
2. Baseball: Nicole contacted Justin Graham regarding people contacting her about baseball and the board has been discussing if there will be a new baseball association who will use our fields. More information to follow.
3. Summer Recreation: It is still too soon to tell if we will be able to provide a Recreational Program for children that will provide choice of activities. More information will be available at a later date. The website will be updated to include a more up to date news page.
4. Community Center: Plans are underway. More to come as information becomes available.
5. Website updates: The Recreation Committee will come up with additions or deletions to help maintain up to date information on the town website.
6. Policies and Procedures: A Policy and Procedure document from 2011 was looked at and it will be revised so it is up to date. It should have been brought to the Board to discuss any necessary changes. We are waiting to hear back from the Board regarding any changes.
7. Paving: Quotes were submitted some time ago. The best course of action will be discussed by the Board to determine how to keep up with maintenance of the tennis courts at the Parks. The Board and the Highway Department will investigate the best course of action to pave the courts in our parks.
8. Dedication for the pavilion at Depeau park has been postponed due to lack of meetings of the Lion's Club because of COVID.

Our next meeting will be Monday, December 20, 2021 at 7 pm.
