Request for Proposals

Town Hall Parking Lot Paving Project

Overview: The Town of Pendleton is planning to improve the current parking lot at the Town Hall complex, which is located at 6570 Campbell Boulevard. The work will involve milling the existing pavement and placement of a new layer of asphalt over the existing paved surface.

Project Location: The parking lot is located at 6570 Campbell Boulevard in the Town of Pendleton. On page 2 of 2 is an aerial image with the general outline denoted in yellow. The proposed work does not include any concrete surfaces, such as adjacent sidewalks.

Requested Proposal: The milling of the existing pavement will be contracted, coordinated, and overseen by the Town of Pendleton. All materials and trucking will be supplied by the Town. Proposals are requested for placement of new material, including leveling and compacting the placed materials. The proposal should include the cost of equipment, including paving machines, rolling compactors, and any other equipment deemed necessary for the task. Furthermore, proposals must include all labor costs, reflecting current Prevailing Wage requirements.

Contact: Any questions and other communications are to be directed to the Highway Superintendent, who may be reached at (716) 625-8033.

Deadline: All proposals are due to the Town of Pendleton Highway Department by 3:00 pm on June 17, 2024.
