

Town of Pendleton
Conservation Advisory Council
Meeting Agenda
Thursday April 11, 2024 @ 5:30

Call to order 5:28

Members in attendance: TF, AH

I. Old Business

1. How about that eclipse

Eclipse viewing was well-enjoyed all around. A lack of clarity did not cause much disappointment.

II. Correspondence

None.

V. New Business

1. Tree seedling updates - plans for planting, reaching out to Startpoint contacts
Saplings are beginning to leaf-out. AH will reach-out to contact at Starpoint to plan planting. AP Chemistry Exam is May 6th. During the day? Weekend? Extra credit?

2. Updates on possibility of moving crab apple trees from tennis courts at town hall
RG can loan use of his skid-steer, pending board approval and Dave Fischer.

3. Planting around Town buildings

Reaching-out to Councilman Hickman fo find out more.

4. Follow-up from TF attending the Agribusiness conference

Lots of information regarding how things are improving, lots of loans available to start businesses, and the dairy business is recovering. Lamb Farms in Oakfield - using their own cattle emissions, cleaning the methane, and contributing to the natural gas supply system.

Greening of the planet due to Carbon emissions is false. FACE experimental data show otherwise. <https://ess.science.energy.gov/face/>

VI. Adjournment
